MONEY 101

<http://www.incharge.org/money-101/money-tools-for-teachers/young-children>

“Money 101”, a site provided by the InCharge Education Foundation, Inc., includes four lessons which provide guidance, lesson plans and activities for teachers interested in introducing four to seven year old children (pre-k to second grade) to early personal finance concepts.

FAQ

How easy is it to get started?

No registration is required.

Is this website a stand-alone lesson or is it best used as a supplement?

This website offers a variety of lessons and interactive activities. It is best used as a supplement to teaching already occurring in the class.

How much time will my students need to complete the activity? Also, is this one activity or a series of activities that must be completed as a whole?

The stand-alone activities and completion time will vary according to the choices individual students make. Students could replay these games numerous times. The lesson plans that teachers may choose to incorporate include the recommended time requirements.

What kind, if any, assessments or pre-/post-testing is provided?

No assessments or pre-/post-testing is provided.

Are there any supplements or lesson extensions provided for the classroom?

Ed's Bank

Perfect for little fingers mastering the mouse or touchpad, this 'drag-and-drop' game reinforces the importance of saving money for specific goals. Recommended for age 4+.

Cash Puzzler

These simple puzzles will help young children with fine motor skills and hand-eye coordination while learning fun money facts in the process. Recommended for age 4+.

What grade levels would benefit from this website?

This website is used with students grades PreK-College. However, the recommended activities best target Pre-K and early elementary K-2. There is a variety of information and activities available on this site for teachers of any grade level.

What topics are covered by this website?

The materials stress financial planning, goal setting, understanding credit, and the consequences of increasing debt. These age-appropriate lesson plans, presentations and worksheets are offered free of charge to teachers interested in incorporating personal finance education into their teaching plans.

This website is suitable for which high school classes? (If applicable)

Any
